## From Our Librarians to You

### Google Like a Librarian

When researching, you may find outdated or unavailable materials. School of the Arts Librarian, **Cate Schneiderman**, suggests using a Google Scholar hack to find more recent articles, watch the video tutorial below to learn Cate's Google Scholar hack!

### A Librarian's Favorite Resource

Service Desk Coordinator **Tara Pealer** says, *"My favorite resource is our online magazines--specifically the consumer reports buying guide, because I'm in the market for a new computer and I want to know what the best option is out there!"*

## Our Top Tip!

### Find Your Special Study Spot

Studying doesn't have to be scary! Research shows that a distraction-free environment is key to understanding and retaining knowledge. Still looking for your perfect spot in the library? Visit the Vonnegut Corner, tucked in the back left of the West Stacks—a quiet haven with literary charm, ideal for focused work. Check out the map below to find your perfect study space!
